APPLICATION

Introduction: The inspiration to develop a Fragrance Long Ma Li LPB was conceived by Victor Koh (VK) founder of Creative Flavours Fragrances and VK International 30 years ago in Singapore. VK is a respected Flavourist with 50 years of experience in creating flavours. His most successful creations are in his dairy flavours and Pandan. The Vanilla range of powder flavours are selling all over Asia gives him the title:
VK = Vanilla King.

The conception and development of the Fragrance Long Ma Li LPB as VK want people, old and young to know this is the result of necessity. Firstly, for VK himself suffering from pain everyday from a worn-out left hip joint. VK needs a hip joint replacement but his Cardiologist does not endorse the operation. However, in the course of development of the Hand Sanitiser, VK was inspired to develop a LPB for relief of pain!

First to alleviate Mr VK's own pain and then it will also help all others- old and young!

For Old Folks: Suffering from painful joints in your knees, hand knuckles and numbness of fingers in hand, lower back pain, shoulder pain, stiff neck or twisted neck, and yes hip joint pain like VK. Just spray on the area and gently rub it and soon you will feel the soothing effect warm up with slight coolness. You will almost instantly feel relief of your pain.

For Block Nose: This Fragrance Long Ma Li LPB is recommended to be sprayed on both hands. Then rub both hands together and cup your hands between your nose and inhale the vapours. It will open up your respiratory air passages and relieve your decongestion. It will provide pain relief for the tightness in your chest area.

For the Young:

- 1) You will experience muscle fatigue through your exercise in gym, sports or yoga etc. Spray the Fragrance LPB in the area of your tired muscles and you will feel relief from the fatigue.
- 2) Spray on your ankles, knees for aches and on your shoulder or neck muscles in case of muscle pull.
- 3) Yes, just spray on the area and you will experience almost instant relief.

***NOTE: This product does not claim to HEAL but to RELIEVE PAIN!**
