## LEMON FLAVOUR 1070-WS

### DESCRIPTION

A pale straw coloured liquid with a fresh Lemon peel aroma and flavour.

Specific gravity at 25 deg C : 0.872 - 0.875

### APPLICATION

This flavour is a water-soluble flavour designed as a flavour booster for Lemon drinks with or without carbonation and with or without juice. The dosage for all beverage applications is 0.1% in ready to drink.

### LEGAL STATUS

This flavour is extracted from natural Lemon oils and boosted with a small amount of nature identical flavour ingredients with a combination solvents of alcohol, propylene glycol and deionised water.

### CLASSIFICATION

It is classified as natural and nature-identical flavour.

### STORAGE

Keep sealed in a cool place, away from direct sunlight.

### PACKING

- 25kg plastic drum
- 4kg plastic container in a carton of 4 x 4kg
